

PRODUCT INFORMATION

Dimensions

- **Clear opening:** 30 x 36 in
- **Overall dimensions:** 38 x 44 x 17 in

Materials

- **Hatch cover:** Aluminum (3003-H22) checker plate, 1/8" thickness
- **Interior sheet:** Aluminum 5052-H32, 12 gauge
- **Curb:** Aluminum 5052-H32, 11 gauge

Curb and Sealing

- **Standard height:** 14 in
- **Sealing:** GTAW welded joints (interior and exterior)

Hardware

- Stainless steel (AISI 316)

Mounting System

- No-drill installation

Sealing

- Continuous neoprene gasket, 3/8" x 1-3/4"

Mechanical System

- Gas and oil shock absorber (max force: 22 kg)
- Pivoting handle for secure closing
- Fixed interior and exterior handles

Safety

- 1/8" steel cable holds hatch at 90° open position

Locking

- Interior padlock hasp

Capacity

- **Snow load (NBC 2020):** Ss = 2.5 kPa

Quality & Certifications

- Manufactured under ISO 9001 quality management system
- Welding certified in accordance with CWB standards

Warranty

- 1-year warranty on paint
- 10-year warranty on materials covering the entire hatch
